Traffic Engineering

INDEX, VOLUME XXVI

October 1955 — September 1956

ARTICLES

ADMINISTRATION
Chattanooga's First Year of Traffic Engineering 103
Dallas-Forth Worth Tunrpike Toll Collections 499
Detroit's Control of Construction in Street Areas by Utilities 301
Freeway Development in the Los Angeles Area 384
Freeways in the San Francisco Bay Area 427
How to Organize and Write Effective Technical Reports 160
The New Pittsburgh 7
One Year of Traffic Engineering in Arkansas 484
Planning of Access-Controlled Highways in the San Diego Metropolitan Area 493
Traffic Engineering in New Haven, Conn. 379
Traffic Engineering in the Ontario Department of Highways 252
Traffic Engineering in San Francisco 533

CONTROL DEVICES AND METHODS
Chicago Controls Traffic Signals with Radio 209
Direct Time Cycle Control by Traffic Density in Charlotte, N. C. 304
More Flexibility with Fixed Time Equipment 110
A New Approach to Traffic Controller Specifications 207
A New Signing Approach 65
Pen-Pointing Traffic Signal Troubles 335
Seattle's Radar Signal Installation 59
Use of Neon Highway Signs 257
Use of Yield Signs 154

ECONOMICS
Camarillo Study 287
Economic Analysis of the One-Way Grid in Roseburg, Oregon 67
Freeway System of Benefits 248

ILLUMINATION
Improving Seeing Efficiency with Roadway Lighting 476

PARKING AND TERMINALS
Characteristics of a Commuter's Garage 347
Municipal Parking Program in East Orange, New Jersey 338

PLANNING
Integrating Urban Expressway Planning Efforts 343
A Major Street System Planning Procedure 453
Panel Discussion on Shopping Centers 15
Planning for Shopping 163

SAFETY
Are Advertising Signs Near Freeways Traffic Hazards? 71
Safety on the New York Thruway 23
Skidding Is Our Business 200
Slow Traffic Wastes Fast Roads 447
Traffic Accident Experience Before and After Pavement Widening 114
What Should the Maximum Speed Limit Be? 546

SURVEYS AND STUDIES
Extrapolation of Traffic Volumes into the Future 562
Intersection Capacity 147
The Measurement of Traffic Flow 234
Moving Vehicle Method of Estimating Traffic Volumes and Speeds 539
The Sluggishness or Queueing Factor 401
A Study of Multilane Crown Design 62
Weighing Trucks in Motion and the Use of Electronic Scales for Research 195

TRANSIT
Mass Trasit in the Bay Area 552
Transit Speed-Up Improvements in Nashville, Tenn. 299

VEHICLES
Does Wheel Balancing Pay? 106

President's Committee Schedules Regional Conferences 313, 353
Syracuse Transportation Conference 353
Summary of IRF Meeting in Rome 128
Traffic Egineering Featured at 43rd National Safety Congress 172

NEW PRODUCTS
Albuquerque Reflective Street Name Signs 264
All Aluminum Overhead Signs 184
Application of TV to Traffic Engineering 182
Automatic Folding Machine Available 326
Automatic Gate Delivers Recorded Message 404
Automatic Signal Develops New Instrument 326
Battery Operated Flashing Stop Sign Available 184
Businessmen's Assn. Uses Luxaire Luminaires 517
Duncan Develops New Meter 219
Experimental School Sign 463
Flashing Flare Beacon Available 220
Flecton—the Pedestrian's Protection 36
Fluorescent Luminaire Introduced 220
Fluorescent Street Light 94
Free Bead Dispenser Offered 463
GE Department Moves 109
Gravity Feed Marking Machine Available 371
Heavyweight Traffic Liner Developed 407
High Visibility Street Name Signs 371
Individualistic Highway Signs 325
Kaiser Aluminum Railroad Crossbuck 325
Lightweight Portable Safety Barrier 36
Luxaire Designed for Better Lighting 264
Mechanical Parking Lot Attendant 94
3M's Introductory Codit Kit 463
Neo-Converter for Traffic Signals 372
New Diagrammer for Traffic, Transportation Flow and Accident Reports 326
New Dimension to Photography 220
New 12-Inch Safe-T-Cone Announced 328
New Lantern for Area Illumination 518
New Lunatrol Needs No Orientation 575
New Magnetrol Control Board 134
New Sign Making Machine 134
New Stop Sign of Porcelain-Aluminum 264
No-Line Stripe Eradicator 134
Now You See It—Now You Don't 37
Ohio Turnpike to Use New Toll Collection System 136
Perpetual School Traffic Signal 517
Portable Photocopy Unit Available 517
Protection for Highway Signs 325
Reflective Sign Finish Introduced by Prismo 517
Rubber Guard Posts 219

Self-Propelled Line Marker 221
Speedwalk Passenger Conveyors for Wrigley Field 371
Super Striper Does Big Job 464
Traffic Signal Identification 94
Traffic Signs Catalog Available 463
Variety of Highway Torches Available 407

PARKING AND TERMINALS
ASF Publishes New Book on Parking 263
Largest Truck Terminal Opened 311
Pigeon-Hole Garage for New Haven 93

PERSONNEL
Bell Receives Wiley Award 571
J. Al Head Receives Hewes Award 80
Hewes Award Won by Traffic Engineer 508
Marsh Made Honorary Member 170
Miss Jackson Elected to Membership 116

New Appointments:
Angell, James E., Jr. 409
Bacchus, Grant A. 459
Baerwald, John E. 82
Baldwin, David M. 316
Barr, John W. 260
Barry, Donald W. 575
Berry, Donald S. 218
Bilby, William H. 572
Billings, William E. 174
Bingham, Sidney, H. 118, 215
Borrowman, Ralph W. 82
Bossi, Alfred A. 574
Burns, Harry F. 314
Cysewski, Gerald R. 459
Dingman, Michael 314
Fleming, Walter K. 407
Fowler, Fred T. 574
Halsey, Maxwell N. 509
Harris, Welton W. 358
Hartley, John E. 174
Higgins, Herbert C. 358
Hill, F. Norman 261
Huber, Matthew J. 119
Humphrey, H. Dale 510
Kaiser, Fred J., Jr. 260
Keefer, Louis E. 174
Kunde, George H. 177, 575
Leftwich, Anne 464
Lotspeich, Marvin W., Jr. 260
MacDonald, Bruce B. 261
May, Adolf D., Jr. 410
McMonagle, J. Carl 509
Meyer, James W. 83
Mogren, Edward G. 574
Mueller, Edward A. 82
Myers, Dwight T. 509
